AJ/ Circular/192/ 2026-27.

Date : 18.08.2026

CIRCULAR

Subject: Availability of Feasibility Report and Draft Tender Document on the Society's Redevelopment Website and Official WhatsApp Information Group.

Dear Members,

With reference to the earlier Circular dated 16.08.2026 regarding the proposed redevelopment of the Society, the Managing Committee wishes to inform all members that the Feasibility Report and Draft Tender Document are being made available for the information, reference and convenience of the members.

As per the applicable 79-A redevelopment guidelines/procedure, the Feasibility Report is required to be kept available at the Society's office for inspection by members.

Accordingly, the said documents will continue to be available at the Society's office for inspection during the prescribed hours and as per the procedure already communicated by the Society.

However, with a view to ensuring greater transparency and providing convenient access to all members, the Managing Committee has, as an additional facility, decided to make the Feasibility Report and Draft Tender Document available on the Society's Redevelopment Website and also circulate the same through the Society's Official WhatsApp Information Group.

This additional facility is particularly intended for the convenience of members residing outside Mumbai and/or outside Maharashtra, who may not be in a position to visit the Society's office personally during the prescribed hours.

Members may access the documents through the Society's Redevelopment Website:

<http://Asmitajyoti.info>

The documents will also be circulated through the Society's Official WhatsApp Information Group for the information and convenience of members.

The availability of these documents on the website and Official WhatsApp Information Group is an additional measure undertaken by the Managing Committee in the interest of transparency and convenience of members and does not replace or dispense with the availability of the documents for inspection at the Society's office as per the applicable redevelopment procedure.

Members are requested to make use of this facility and acquaint themselves with the Feasibility Report, Draft Tender Document and the ongoing redevelopment process.
